

CS571 Programming Languages

Spring 2026

0. Syllabus

Course Info

- Class Time: MW 5:00 – 6:30 PM
 - Location: Science1-107
- Course Website
 - <https://zeyuding.com/cs571/>

Teaching Staff

- Instructor: Prof. Zeyu Ding
- Email: dding1@binghamton.edu
- Include [CS571] in the subject of your email

- Office: EB N34
- Office hours: Wednesday 1 - 3 PM, or by appointment

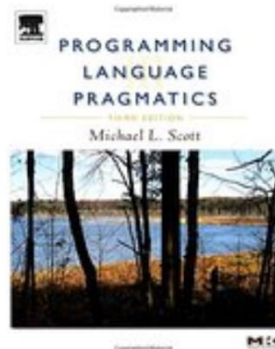

Teaching Staff

- Teaching Assistant: TBA
 - Email: TBA
- TA is responsible for grading of all assignments
 - Grading related questions should be addressed to TA first

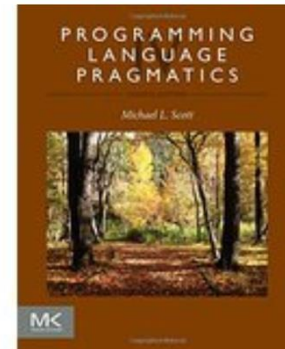

Textbook (Recommended)

- Michael L. Scott, *Programming Language Pragmatics*
 - 3rd edition ISBN: 978-0123745149
 - 4th edition ISBN: 978-0124104099

3rd Edition

OR

4th Edition

Topics and Schedule

Class topics will be divided into the following units:

1. Imperative Programming
2. Object Oriented Programming
3. Programming Language Internals - Interpreters
4. Programming Language Internals - Lexing and Parsing
5. Logic Programming
6. Functional Programming

Detailed schedule: <https://zeyuding.com/cs571/schedule/>
